

# Graduate Housing Request Form 2009-2010

There are a limited number of spaces available for graduate students in University housing for the 2009-2010 academic year. These will be awarded on a first-come, first-served basis. Beginning in April, the Student Housing Office will send housing application materials to graduate students who have submitted the Graduate Housing Request Form to our office. The date that your completed application materials are received determines your priority for receiving housing, so submit all the necessary materials to the Student Housing Office as soon as possible.
